Why is the class being offered?

Anyone can make a difference in the life of an adolescent struggling with mental health or substance use issues.

ONLINE Parent Support

Are you the parent of a youth or adolescent who may be living with Emotional/ Behavioral problems or Mental Illness?

Come join our monthly Parent Support Group from the comfort of your own home with Zoom (details below). If your youth has rages, ADHD behaviors, is defiant, or is self-harming, YOU ARE NOT ALONE! Families share acceptance and seemingly hidden mental health care and RESOURCES. This group is a safe, CONFIDENTIAL place to vent and support each other as you walk the 24/7 challenge of rearing and loving a youth with an illness you cannot fix. We are all walking a similar walk, and sharing our struggles helps to make it more bearable.

WHEN: 1st Tuesday of each month

TIME: 7:00pm-8:30pm

There are only 12 spaces available for each support group meeting. There are no reservations available. Participants are granted access to the meeting on a first come, first served basis. The meeting will be locked once we have reached maximum capacity, and no more participants will be admitted. This limit is in place to allow facilitators a comfortable amount of time to address all participants. For this reason, participants are encouraged to try logging on 10 minutes early to enter the waiting room and test connection & equipment. If you do not make it into the meeting one month we encourage you to try again the following month.

COVID 19 has changed our society and increased our need for **EMOTIONAL SUPPORT** and **SELF-CARE**. We provide an opportunity to share **UNDERSTANDING** and **CARE FOR OURSELVES** amid society challenges!! For our youth and adolescents, metal health issues get ignored. The STIGMA in society so isolates families trying to care for their youth in the throes of these disorders with very few resources.

Our adolescents have few appropriate friends and we parents become isolated. Society wants to just blame the parents!! Only 20% of our challenged adolescents are ever identified and fewer still receive treatment. **TREATMENT WORKS**!! Fight for your youth to be tested for an IEP. Social/Emotional problems are one of the **13 FEDERAL** categories for **SPECIAL EDUCATION**!!

You didn't CAUSE it, you can't (easily) CONTROL it
You can't CURE it, You must learn to COPE with it.
