Coalition Leadership

There are some exciting developments in the Coalition's leadership team as we look forward to new individuals stepping into leadership roles. The role of chair and co-chair remain open so please continue to consider these roles either for yourself or someone who may be a good fit. At the next full monthly meeting we will discuss a candidate for the role of Secretary. We have also brought up discussion of filling leadership roles that have been left vacant including Social Media Liaison.

If you are interested in stepping into a leadership role within the coalition please let me know. We have so many incredible community leaders in our midst so if there is someone you have in mind who you imagine would thrive in a leadership role, please have a conversation with them to let them know, or let me know.

Sector Representatives

To increase consistent engagement within the community we are developing a more formal role of “Sector Representative” within the Coalition. Please look through the list of [“sectors”](#) and contact Ryan Ciganek if you would like to step into the role of Sector Representative for the sector of the community that you can represent within the coalition. If you have any ideas of others who might be a good fit for this role, please let Ryan know.
